

# Police Training Department

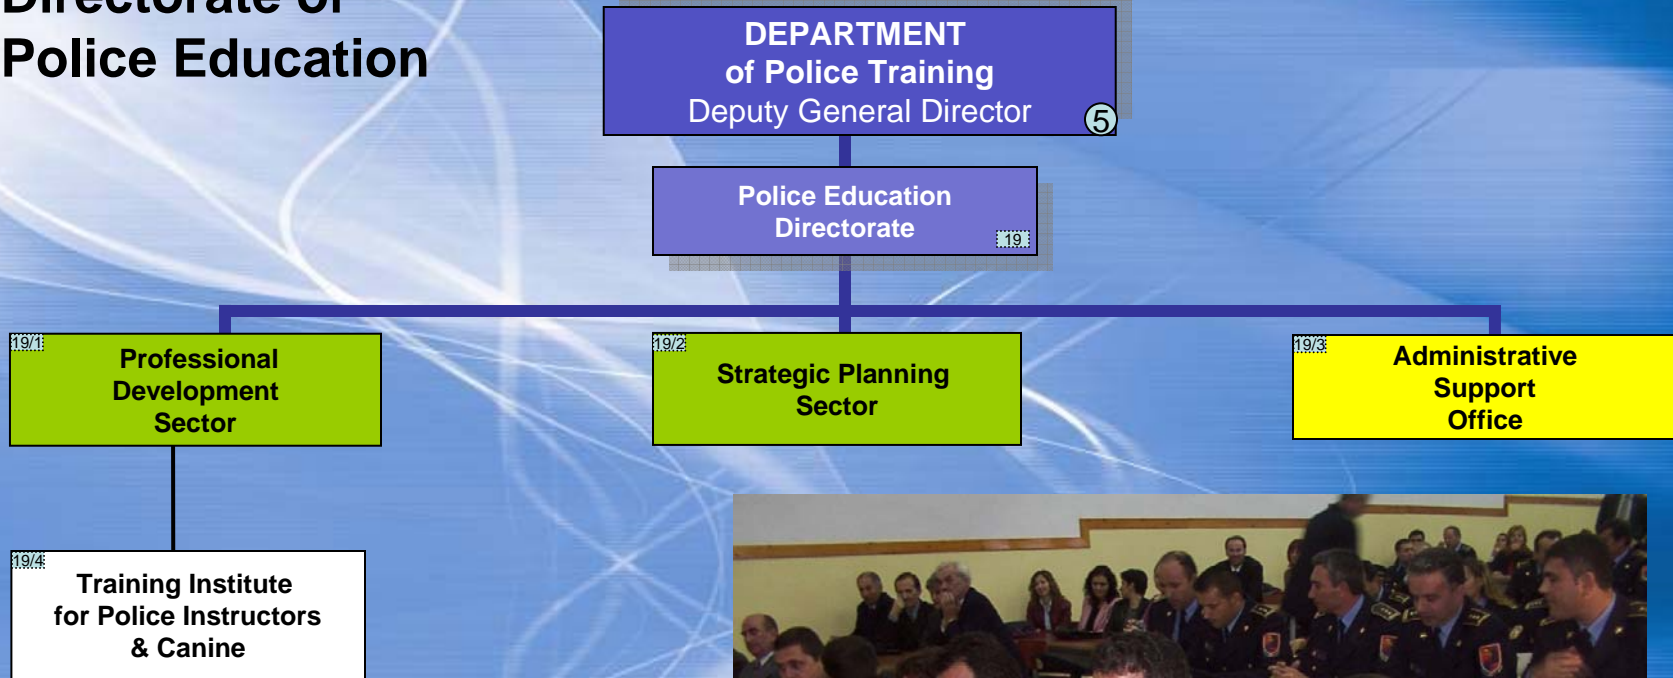

The Police Training Department is Police structures that:

- Identifies Police training needs;
- Designs strategic training plans; and
- Assists the implementation of these plans and monitors their application, in order to strengthen the professional capacities in the area of public order and security.

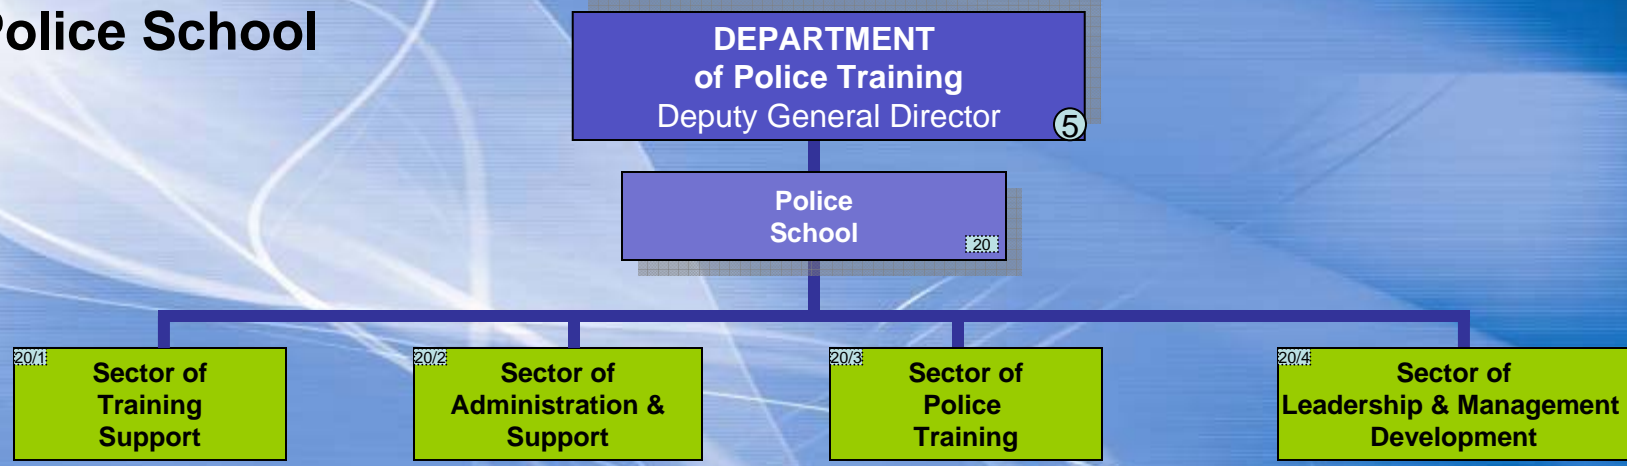

# Directorate of Police Education

The mission of the Directorate is to identify training needs, design strategic training plans, and monitor the teaching processes. The Directorate manages the Training Sections in the Regional Directorates and supervises the implementation of plans.

# Police School

The mission of the Police School is to develop strategic plans for Police training; manage the preparation of lesson plans and programs for courses offered by the School; and manage the activity related to providing the optimum learning and accommodation conditions for the students and School personnel.
